

Math Olympics Student Participant:

Congratulations on your **Top Five Finish at the ACSI Local Math Olympics!** You are invited to continue your math endeavors by participating in an upcoming ACSI Divisional Math Olympics.

The **ACSI Student Leadership & Learning team will host the Divisional Math Olympics online.** Your school's Math Olympics Coordinator will facilitate the testing sometime between **April 17 and 19, 2024.**

The procedures and rules for this event will be like those you experienced at your Local Math Olympics. You will compete in the same category and grade level as at the Local Math Olympics. This event will take place at your school, and you will take the test on a computer while solving the problems with pencil and paper. The use of calculators is not permitted.

Please complete the section below as soon as possible and detach it. Then, give it to your school's Administrator or Math Olympics Coordinator to inform them of your desire to participate in ACSI's Divisional Math Olympics competition. They will register you for a Divisional Math Olympics competition and provide additional event details.

✂

School Administrator/Math Olympics Coordinator:

Congratulations on your student's **Top Five Finish** at the ACSI Local Math Olympics! As a result of their accomplishment, they can participate in the **ACSI Divisional Math Olympics.**

Student's First and Last Name: _____

Grade: _____ Category (check one): _____ Computation / _____ Reasoning

The School Administrator or Math Olympics Coordinator is responsible for registering and paying student participation fees for the ACSI Divisional Math Olympics. The *Divisional Math Olympics Registration Form* can be accessed online at https://acsi.formstack.com/forms/sll_div_natlmoreg.

➤ **Please register and pay the participation fee (\$35.00 per student) on or before April 3, 2024.**

Once the fees have been paid, the Math Olympics Coordinator will receive instructions on accessing the online testing site. The Coordinator should then schedule a time between **April 17-19, 2024**, to proctor the student while they take the tests.

Questions? Please get in touch with an ACSI Student Leadership & Learning team member at SLL@acsi.org.
