Each school must provide a minimum of (3) adult volunteers to serve as Judges at the Art Festival. Failure to meet this volunteer requirement will result in removal from the event, although school registration and student participation fees will still be assessed.

The school administration affirms, "**All staff and volunteers provided by the school meet its internal policies and standards and state requirements for working with children in a K–12 private school setting.**"

**Two (2) judges from different schools or sources will judge each entry.**

**Please provide the following information to enable the event chairperson to assign judges appropriately.**

- Relationship to school (ex: teacher or staff member, parent, community contact, or college art student)
- Conflicts of interest – If a judge is a participant's parent, list the student's name and grade level.
