Fellow International Christian Educator,

It’s peak summer where we live and as you read this summer Snapshot, most of our ACSI international team is finally taking some time off. With that in mind, I leave you with this recent devotional from writer, blogger, speaker, former-M, TCK-mom, and friend, Sylvia Schroeder. We Remember Needed Words at the Right Time.

“God says exactly as much as we need through His Word. He brings it to our minds at the right time, and through it demonstrates His heart of love and compassion.”

Sylvia Schroeder.

Tim Shuman

“Since the day we heard about you, we have not stopped praying for you. We continually ask God to fill you with the knowledge of His will through all the wisdom and understanding that the Spirit gives.” (Colossians 1:9)

I’m going to repost this in case you missed it last month. Please share this with your family, supporters and prayer partners. Will Christians Teaching Abroad Be Able to Go Back to School? And be sure to pray for your sister-international schools that are still seeking to hire a few teachers for the fall.

This short report from the IMB on COVID conditions around the world helps us to know how to pray for you!

Is your school sending someone to the upcoming MK Caregivers Summit this September in Dallas, TX?

This article by Roger Erdvig, upcoming ICEC Asia keynote speaker, is well-worth your time and consideration, Beyond Biblical Integration: Fulfilling Your School’s Distinctively Christian Mission.

Christian schools should be thinking about how to assess faith formation in their schools. This new tool looks really interesting.

"Viewing Western civilization with its Christian soul cut out, many are now willing to say: 'We need Christ.' What they are unable, thus far, to say, is: 'I need Christ.'" The Turning Tide of Intellectual Atheism is a fascinating short read. Related to this, take a listen to John Dickson’s conversation with Tom Holland.

There are three wonderful things that I want to highlight for you from our friends at Interaction International.

Consider recommending Wayfinder to your most recent graduates. This online cross-cultural transition seminar is for TCKs that are making their way into the American culture. It will run from September through November.

Check out Interaction’s latest issue of INTERACT magazine and the relaunch of their Among Worlds magazine.

Take a look at STAGE and consider whether you would be willing to host a student teacher from a US college at your school this year or in the future. Student teachers often become excellent new hires. Contact sheryl.obryan@interactionintl.org to learn more and to discuss the possibility of hosting an intern for other roles at your school.
• The ACSI Europe Student Leadership Conference 2021 is coming up this fall. Student leaders from your international school are welcome to attend this wonderful national event (everything is in English).

• Consider downloading the latest ISCResearch report on Teaching and Learning in International Schools. “The objective was to identify if teaching and learning will experience noticeable shifts within the next two years due to the impact of COVID or other factors.”

• Imagine a book club that reads the Bible cover-to-cover. I’m not talking about a Bible study, I’m talking about reading the entire Bible as literature and discussing it with a group of people. You can either listen to the podcast version of this story or read about it here.

• Coffee vs Tea vs Soft Drinks. What does your country prefer? This is a fun infographic.

• During our years living in a German village, we often saw sheep herds on the move, but never from this perspective. Take a one-minute vacation and enjoy this overhead view of sheep herding. Mesmerizing.

• And finally, this one is for the Dads out there (or awesome middle school teachers). This handy page of Dad jokes is exactly what you need to take your fatherhood (or your middle school teachership) to the next level, well, sort of. Have a great summer!

• English Learner Professional Development Courses at Messiah University. Messiah University is providing two online courses for practicing teachers, one each semester, for a year-long professional development emphasis on meeting the needs of English Learners (ELs) in K-12 schools. EDME 547, a two-credit course, will occur during the first (fall) semester. For more information or to register for the courses, contact Dr. Jan Dormer at jdormer@messiah.edu.
